

EARNING WEALTH WITH STAKING STRATEGIES

Global Investment And Trading Co.

ABOUT US

Founded in 2020, CPT Markets UK set out to transform the trading industry by leveraging cutting-edge market maker technology and significant investor backing. Our mission is to build a trading platform where anyone can become a market maker—removing the barriers of high capital thresholds. We are pioneers in developing QuantumMind, an AI-driven intelligent technology designed to optimize market opportunities. In addition, we built the GI&TC model through a strategic combination of commercial resources. Our commitment to innovation drives us to continually invest in the growth and development of the GI&TC ecosystem, shaping the future of market-making for everyone.

QuantumMind Technology

– A Breakthrough in 2020

QuantumMind Technology - A Breakthrough in 2020 In 2020, the GI&TC team introduced QuantumMind, a revolutionary market maker technology. This system intelligently processes real-time news, analyzes data from trading addresses on the blockchain, and evaluates market sentiment dynamics. QuantumMind also incorporates a double-factor account inspection system and a risk reserve mechanism, which together significantly lower the investment threshold for users.

These features improve the stability and consistency of returns, addressing major challenges in DeFi transactions and offering a solution to the common pain points faced by investors.

QUANTUMMIND

QUANTUMMIND IMPLEMENTATION AND FUNDING MILESTONES IN 2022

In 2022, the QuantumMind AI Intelligent Grasp function was successfully implemented, completing experimental certification. This breakthrough received approval from multiple prominent venture capital firms. Notably, MECHANISM CAPITAL led the funding, with participation from major institutions such as framework, Spartan, Multichain, Draper Associates and Digital Currency Group. These venture capital firms collectively invested 20 million USD, expressing strong confidence in the promising future of Global Investment & Trading Co.
